Validity extension by STV/ Combo Vouchers For all active customers :

Use My BSNL App (or) portal.bsnl.in for TOPUP/Plan Validity extension/Plan Migration/Special Tariff Voucher(STV) Activation.

FRC stands for First Recharge. After expiry of FRC validity, a customer can extend plan validity or migrate to other plan vouchers (PV) that are in offer.

"The subscriber has to recharge with Plan voucher after every "plan/recharge validity" period or any applicable recharge to avail the benefits under tariff plan. In case of recharge with applicable STV/Combo voucher, the validity of tariff plans will be extended corresponding to validity of that STV/Combo voucher. In case of non-recharge with plan voucher or any applicable recharge at the end of validity period, BSNL reserves the right to provide the plan benefits in a curtailed manner during the grace period with GP-I of 7 days and GP-II of 165days. In case this recharge condition is not met, post the grace period, the services will be suspended."

T&C

Free call forwarding facility is given w.e.f 04.02.2021 with GSM prepaid mobile services to LL/ other BSNL mobile number/ other operator's Mobile number (i.e. without any activation fee for the call forwarding facility) with call charges applicable as per plan.
Note:
• The call forwarding facility is free i.e. without any activation fee for the call forwarding facility. The features/facility of the call forwarding is given at free of cost.
• The call forwarding to landline/BSNL mobile/other operator mobile is with call charges applicable as per plan. The charging for call forwarding is as per plan tariff i.e the call forwarding from BSNL mobile to another number is treated as outgoing call and is charged as per the freebies of plans/STVs/tariff of the plans.
• For example, a customer in unlimited free voice plan or with unlimited free voice STV, the charging of the outgoing call is zero, similarly the call forwarding to another number is also treated as outgoing call and charged as zero. Further, if a customer is in plan 026 or any other plan with no remaining voice freebies, then the call forwarding is charged as per the voice tariff for the outgoing call in that particular plan.

Rationalization of Automatic validity extension in Grace period-I/II and change in GP-Period (wef 01.04.2022)

A. For active plans: For customers with balance less than plan voucher amount, Rs.2/-will be deducted from the main balance on the second day of GP-I and the number will be reverted to active state for 1 day in the same active plan without any freebies.
Note: For customers with balance more than or equal to plan voucher amount, auto validity extension facility remains same i.e., deduction of Plan voucher amount on the first day of GP-I and reversion of customer to active state in the same active plan with applicable freebies.
B. For closed plans:
I. With minute tariff: For customers with balance less than Rs.107, amount of Rs.2/-will be deducted from the main balance on the second day of GP-I and number will be reverted to active state for 1 day in the PV-107 plan without any freebies.
Note: For customers with balance more than or equal to Rs.107, auto validity extension facility remains same i.e., deduction of Rs.107 on the first day of GP-I and reversion of customer to active state in PV-107 plan with applicable freebies.
II.With second tariff: For customers with balance less than Rs.997, amount of Rs.2/-will be deducted from the main balance on the second day of GP-I and number will be reverted to active state for 1 day in PV-997 without any freebies.
Note: For customers with balance more than or equal to Rs.997, auto validity extension facility is withdrawn to avoid inconvenience to closed plan PV-106 customers.
