#### 6. Special Note on data protection of bids

(i) Security related functionality has been rigorously implemented in [www.tenderwizard.com/BSNL](http://www.tenderwizard.com/BSNL) in a multi-dimensional manner. Starting with 'Acceptance of Registration by the Service Provider', provision for security has been made at various stages in Electronic Tender's software. Security related aspects as regard Bid Submission are outlined below:

(ii) As part of the Electronic Encrypted™ functionality, the contents of bid are securely encrypted using Public-Key of the specified officer of a Buyer organization. Bid-encryption in [www.tenderwizard.com/BSNL](http://www.tenderwizard.com/BSNL) is such that the Bids cannot be decrypted before the Public Online Tender Opening Event (TOE), even if there is connivance between the concerned tender-opening officers of the Buyer organization and the personnel of e-tendering service provider.

(iii) There is an additional protection with SSL Encryption during transit from the client-end computer of a Supplier organization to the e-tendering server/ portal

## 7. **Public Online Tender Opening Event (TOE)**

(i) [www.tenderwizard.com/BSNL](http://www.tenderwizard.com/BSNL) offers a unique facility for 'Public Online Tender Opening Event (TOE)'. Tender Opening Officers as well as authorized representatives of bidders can attend the Public Online Tender Opening Event (TOE) from the comfort of their offices. For this purpose, representatives of bidders (i.e. Supplier organization) duly authorized are requested to carry a Laptop and Wireless Connectivity to Internet.

(ii) Every legal requirement for a transparent and secure 'Public Online Tender Opening Event (TOE)' has been implemented on [www.tenderwizard.com/BSNL](http://www.tenderwizard.com/BSNL). [www.tenderwizard.com/BSNL](http://www.tenderwizard.com/BSNL) has a unique facility of 'Online Comparison Chart' which is dynamically updated as each online bid is opened. The format of the chart is based on inputs provided by the buyer for each tender. The information in the comparison chart is based on the data submitted by the bidders in electronic form. A detailed technical and/ or financial comparison chart enhances the transparency.

(iii) There are many more facilities and features on [www.tenderwizard.com/BSNL](http://www.tenderwizard.com/BSNL). For a particular tender, the screens viewable by a supplier will depend upon the options selected by the concerned buyer.

## 8. **Important Note:**

In case of internet related problem at a bidder's end, especially during 'critical events' such as a short period before bid-submission deadline, during e-auction, it is the bidder's responsibility to have backup internet connections. In case there is a problem at the BSNL opening venue or at e-Procurement/e-Auction service provider's end (in the server, leased line etc.) due to which all the bidders face a problem during critical events, and this is brought to the notice of BSNL by the bidders in time, then BSNL will promptly re-schedule the affected event(s).
